## **E. DETAILED INSTRUCTIONS FOR REQUIRED APPENDICES:**

As an appendix and in addition to the proposal, applicants must submit a budget broken down by program year(s) with an accompanying detailed budget narrative (in Word 2000 or Word 2003 text accessible) which provides in detail the total costs for implementation of the program as further detailed below. Both of these components must specify the total amount of funding requested in U.S. dollars.

### **Line-Item Budget**

The line-item budget can be submitted in MS Excel format and should show the organization's technical and labor cost categories as it relates to the proposed project. The line-item budget must be submitted in US dollars (USD) and include three [3] columns outlining the request to PA BAGHDAD staff, any cost sharing contribution, and total budget. It should include detailed information on personnel and consultants with proposed salary and salary history. In the case of sub-grantee partner organizations, a detailed line-item budget for each sub-grantee should also be included. Costs should be identified in each of the budget categories listed below, and should detail estimation methods, quantities, unit costs, and other similar points.

1. **Personnel** – In general, employees receiving benefits from the applicant organization are considered staff. Consultants hired to assist with the program who do not receive benefits should be included under Contractual. Identify staffing requirements by each

UNCLASSIFIED

position title and brief description of duties. Include dates the staff will be hired. Each staff member's salary calculation should include the annual/base salary of each position, percentage of time and number of months devoted to the project. (e.g., Administrative Director: \$30,000/year x 25% x 8.5 months; calculation:  $\$30,000/12 = \$2,500 \times 25\% \times 8.5 \text{ months} = \$5,312.$ ). This can be in the budget narrative if the organization prefers.

2. **Fringe Benefits** – State benefit costs separately from salary costs and explain how benefits are computed for each category of employee (specify type and rate).
3. **Travel** – Staff and any participant travel:
  - a) International airfare
  - b) In-country travel overseas
  - c) Domestic travel in the United States, if any
  - d) Per diem/maintenance: includes lodging, meals and incidentals for both participant and staff travel. Rates of maximum allowances for U.S. and foreign travel are available from the following website: <http://www.gsa.gov/portal/category/21287> and [http://aoprals.state.gov/content.asp?content\\_id=184&menu\\_id=78](http://aoprals.state.gov/content.asp?content_id=184&menu_id=78).  
Per diem rates may not exceed the published U.S. government allowance rates; however, institutions may use per diem rates lower than official government rates. Please explain differences in fares among travelers on the same routes (e.g., project staff member traveling for three weeks whose fare is higher than that of staff member traveling for four months).

Please note that all travel, where applicable, must be in compliance with the Fly America Act. For more information see <http://www.gsa.gov/portal/content/103191>. PAS Baghdad shall approve all proposed travel under this budget.
4. **Equipment** – Equipment is defined as having a per-unit cost of \$5,000 and a service life of more than one year. If the item meets these criteria than all federal procurement policies and procedures must be followed. If an item does not meet these criteria it is considered a supply. Please provide justification for any equipment purchase/rental.
5. **Supplies** – List items separately using unit costs (and the percentage of each unit cost being charged to the cooperative agreement for photocopying, postage, telephone/fax, printing, and office supplies (for example, Telephone:  $\$50/\text{month} \times 50\% = \$25/\text{month} \times 12 \text{ months}$ ).
6. **Contractual** –
  - a) Sub grants – For each sub grant/contract please provide a detailed line item breakdown explaining specific services. In the sub grant budgets, provide the same level of detail for personnel, travel, supplies, equipment, direct costs, and fringe benefits required of the direct applicant. If indirect is charged on a sub grant please include a NICRA.

UNCLASSIFIED

Please note that a sub grantee who receives equal to or more than \$25,000 is required to have a DUNS number. Please visit [www.fsr.gov](http://www.fsr.gov) for more information.

Please Note: it is the applicant's responsibility to ensure that proposed sub-awardees are eligible for U.S. government funding.

b) **Consultant Fees** – For example lecture fees, honoraria, travel, and per diem for outside speakers or external evaluators: list number of people and rates per day (for example, 2 x \$150/day x 2 days).

- 7. Construction** – Due to the nature of PA BAGHDAD programs, construction costs are generally not allowable or applicable.
- 8. Other Direct Costs** – these will vary depending on the nature of the project. The inclusion of each should be justified in the budget narrative. A-133 audit costs can be included if they are not part of the indirect pool and only the portion of the cost associated with this program.
- 9. Indirect Charges** – An organization with a Negotiated Indirect Cost Rate Agreement (NICRA) from a cognizant federal government agency other than the U.S. Department of State should include a copy of the cost-rate agreement. Applicants should indicate in the proposal budget how the rate is applied and if any of the rate will be cost-shared. PA BAGHDAD generally does not pay indirect costs against participant expenses, but each case may vary. Organizations claiming indirect costs should have an established NICRA. If sub grantees are claiming indirect costs, they should have an established NICRA that is also submitted with the proposal package.

If your organization does not have a NICRA, the proposal budget should not have a line item for indirect cost charges. Rather, any costs that may be considered as indirect costs should be included in specific budget line items as direct costs.

- 10. Cost Share or Matching Funds:** This project does not require cost sharing; however, applications that include additional in-kind and/or cash contributions from third party sources will reflect increased commitment to the overall project and demonstrates greater cost effectiveness. If the proposed project is a component of a larger program, identify other funding sources for the proposal and indicate the specific funding amount to be provided by those sources. In addition, it is recommended that the budget narrative address the overall cost-effectiveness of the proposal, including leveraging of institutional or other resources.

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, project implementers must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and

UNCLASSIFIED

Budget's Circular 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, PA BAGHDAD's contribution will be reduced in like proportion.

**11. Budget Narrative:** The budget narrative should provide additional information that might not be readily apparent in the detailed-line item budget, not simply repeat what is represented numerically in the budget, i.e. salaries are for salaries or travel is for travel. The budget narrative should briefly explain each line item to sufficiently justify each identified cost. It should include a justification for how the cost in each category is derived.

- **Personnel** - Identify staffing requirements by each position title with a brief description of duties, including work locations, and other justifications for these costs as they relate to the project. Include resumes for any key personnel who are listed by name in the proposal.
- **Fringe Benefits** - Provide an explanation of fringe costs and how they are calculated.
- **Travel** - Provide a description of travel costs, including the purpose of the travel and how the travel relates to the project.
- **Equipment** - Provide justification for any equipment purchase/rental, including computers and related hardware, and their planned use for the project.
- **Supplies** - Specifically describe general categories of supplies and their direct use for the project.
- **Contractual** - Describe each contractual or consultant cost, and outline the necessity of each for the project.
- **Other Direct Costs** - Provide a narrative description and a justification for each cost under this category and describe how the costs specifically relate to this project.
- **Indirect Costs** - Provide approved NICRA for any indirect costs requested for the project.

The US Embassy Public Affairs Office must determine that the costs paid for this award are reasonable, allowable, and allocable to the proposed project activities. This will consist of a review of the line-item and narrative budgets to determine if the overall costs are realistic for the work to be performed. Costs shall be evaluated for realism, control practices, and efficiency. Emphasis will be placed on the cost-effectiveness of the proposal. The overhead and administrative components of the proposal, including salaries and fringe benefits, should be kept as low as possible. All other items should be necessary and appropriate. Cost-sharing is strongly encouraged, but not required.

Please see Section F for information on funding restrictions. Applicants must also disclose any funding they are receiving or planning to receive from other entities [or] [including] other agencies of the U.S government or other Department of State offices.

Applicants may be subject to a pre-award financial and capacity survey by the Department of State.

UNCLASSIFIED

Before a cooperative agreement is awarded, PA BAGHDAD reserves the right to reduce, revise, or increase proposal budgets in accordance with the needs of the initiative and the availability of funds.

### **Detailed Instructions on M&E Plan Submission**

Applications must contain a monitoring and evaluation (M&E) plan that provides sufficient detail as to how project objectives will be achieved and how the project will further the Visiting American Professionals Program goals. This document should clearly identify the project goal(s), objective(s), and activities, as well as the output and outcome indicators by year that will be used to measure progress towards planned results. Baselines and targets for indicators should also be specified, along with a plan to complete a baseline assessment at project inception that measures the current status of conditions that the project seeks to affect as well as prior to completion of the project to assess impact of the project since inception. Output indicators should measure the products and services delivered directly by the program activities described. Outcome or result indicators should measure transformation and higher-level results of each activity. A recommended PA BAGHDAD monitoring and evaluation plan template is included.

The M&E Plan shall include the following:

- (i) The results to be achieved by the program;
- (ii) Qualitative and quantitative indicators to be used to measure achievement of the results;
- (iii) The method of data collection to be used to obtain the indicator data; and
- (iv) Targets for each indicator by year.

The Recipient shall consult with the PA BAGHDAD staff in the development of the M&E Plan.

### **Risk Analysis**

Applications must contain a risk analysis. Risks are unavoidable – all programs inherently contain both internal and external risks. However, with proper identification and management, risks can be prepared for, minimized or mitigated. The purpose of a risk analysis is to identify the internal and external risks associated with the proposed program in the application, rate the likelihood of the risks, rate the potential impact of the risks on the program, and identify actions that could help mitigate the risks. A risk analysis should not be considered a one-time exercise or a static document. PA BAGHDAD defers to organizations to conduct adequate risk analysis and remediation for all of its operations and advises that risk analysis and remediation occur throughout the life of a program and should result in revisions to risk analysis documents and processes as necessary. Applicants should include all assumptions and external factors identified in the logic model in the risk analysis. Applicants should rate the likelihood of a risk and potential impact of the risk as “High,” “Medium,” or “Low.” A recommended PA BAGHDAD format for a risk analysis is included.

The budget narrative should detail what cost sharing, if any, will be contributed to the program. Applicants with a Negotiated Indirect Cost Rate Agreement (NICRA) with the USG should submit a copy of the NICRA to substantiate proposed indirect cost charges. Applicants who do

not currently have a Negotiated Indirect Cost Rate Agreement (NICRA) from their cognizant agency must also submit the following information:

- Copies of the Applicant's financial reports for the previous 3-year period, which have been audited by a certified public accountant or other auditor satisfactory to PA BAGHDAD staff.
- Projected budget, cash flow and organizational charts; and a copy of the organization's accounting manual.
- Applicants who intend to utilize sub-awardees should indicate the extent intended and a complete cost breakdown. Extensive agreement financial plans should follow the same cost format as submitted by the primary Applicant. A breakdown of all costs according to each partner organization or sub-awardee involved in the program should be provided. NOTE: If sub-awards are anticipated and not explained in the original application, the Grant Officer and PA BAGHDAD staff approval (after award) will be required before the sub-agreement may be executed.
- Required assurances, certifications and representations.
- Information that confirms and ensures that proposed cost sharing will materialize.
- Applicants should submit additional evidence they deem necessary for the Grant Officer and PA BAGHDAD staff to make a risk assessment. The information submitted should substantiate that the Applicant:
  - Has adequate financial resources or the ability to obtain such resources as required during the performance of the award;
  - Has the ability to comply with the award conditions, taking into account all existing and currently prospective commitments of the applicant, non-governmental and governmental;
  - Has a satisfactory record of performance. Past relevant unsatisfactory performance is ordinarily sufficient to justify a finding of non-responsibility, unless there is clear evidence of subsequent satisfactory performance;
  - Has a satisfactory record of integrity and business ethics; and
  - Is otherwise qualified and eligible to receive a cooperative agreement under applicable laws and regulations (e.g., EEO).

Certain documents are required to be submitted by an Applicant in order for the Grant Officer and PA BAGHDAD staff to make a risk determination. However, it is US Embassy Baghdad policy not to burden Applicants with undue reporting requirements if that information is readily available through other sources. If the Applicant has established a consortium among its partners, the agreement should include a full discussion of the relationship between the Applicant and Sub-Applicant(s) including identification of the Applicant with whom PA BAGHDAD staff will work with for purposes of Agreement administration, identity of the Applicant which will have accounting responsibility, how Agreement effort will be allocated and the express agreement of the principals thereto to be held jointly and severally liable for the acts or omissions of the other.

## **POTENTIAL REQUEST FOR ADDITIONAL DOCUMENTATION**

UNCLASSIFIED

Upon consideration of award or during the negotiations leading to an award, Applicants may be required to submit additional documentation prior to issuance of an award. Applicants should not submit the information below with their applications. The information in this section is provided so that Applicants may become familiar with additional documentation that may be requested by The Grant Officer and PA BAGHDAD staff.

- Reviewed Financial Statements Report or an Audited Financial Statements Report: Applicants who do not have a NICRA and cannot or choose not to use the 10% de Minimis rate pursuant to 2 CFR 200.414(f) may be required to submit one of these reports during negotiations.
- Bylaws, constitution, and articles of incorporation, if applicable.
- Any other information deemed necessary by the Grant Officer and PA BAGHDAD staff to make an affirmative determination of responsibility (positive risk assessment determination).

## **F. FUNDING RESTRICTIONS**

The US Embassy Baghdad policy is not to award profit under assistance instruments. Pre-Award Costs – No costs chargeable to any award resulting from this NOFO may be incurred before receipt of either a fully executed Agreement or a specific, written authorization from the Grant Officer.

## **G. AUDITS**

The recipient is required to maintain books, records, documents, and other evidence, in accordance with the recipient's usual accounting procedures to sufficiently substantiate charges to the award. The recipient confirms that its program will be subject to an independent audit in accordance with the recipient's usual auditing procedures, and agrees to furnish copies of these audit reports to US Embassy Baghdad along with other related information, as may be reasonably requested by US Embassy Baghdad with respect to questions or findings arising from the audit report.

**a.** The recipient agrees to furnish the US Embassy Baghdad with a final report on activities carried out under the award, including accounting for award funds in sufficient detail to enable US Embassy Baghdad to liquidate the award. The report must be submitted to the address specified in the award.

**b.** It is understood that financial records, including documentation to support entries on accounting records and to substantiate charges against the award, will be maintained in accordance with the recipient's usual accounting procedures, which must follow generally accepted accounting practices. ## H. AWARD SELECTION CRITERIA

Evaluation Criteria: Applicants should note that the following criteria:

- (1) Serve as a standard against which all proposals will be evaluated, and
- (2) Serve to identify the significant matters that should be addressed in all proposals. The USG will award grants to the applicant whose offers represent the best value to the USG on the basis of technical merit, past performance, and cost.

Each application will be evaluated by a peer review committee of US Embassy PA and other experts, as deemed appropriate. The evaluation criteria have been tailored to the requirements of this NOFO.

- **Project Goals/Implementation Plan (60 points):** Applicants should describe what they propose to do and how they will do it. The proposed activities must directly relate to meeting the goals and objectives, and applicants should include information on how they will measure activities' effectiveness and provide milestones to indicate progress toward NOFO-stipulated goals. The review panel will be viewing the implementation plan in terms of how well it addresses the goals and objectives, feasibility of the proposed activities and their timeline for completion, and the extent to which the impact of the project will continue beyond the conclusion of the funding period.
- **Organizational Capability (15 points):** Proposals should demonstrate the ability to develop and implement programs in the areas covered by the NOFO. Applicants must demonstrate how their resources, capabilities, and experience will enable them to achieve the stated goals and objectives.
- **Appendices (25 points):**
  - **Budget:** Costs shall be evaluated for realism, control practices, and efficiency. The NEA/PPD and ECA must determine that the costs paid for this award are reasonable, allowable, and allocable to the proposed project activities. This will consist of a review of the Budget to determine if the overall costs are realistic for the work to be performed, if the costs reflect the applicant's understanding of the allowable cost principles established by OMB Circular A-122, and if the costs are consistent with the program narrative. Applicants must submit SF 424A – "Budget Information – Non-Construction Program" along with a comprehensive budget for the entire program. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets. Applicants may provide separate sub-budgets for each program phase, location or activity to provide clarification.
  - **Resume:** The review panel will consider the appropriateness of the selected project key personnel; in view of the roles and responsibilities those individuals will play in guiding the project through implementation to completion. While it is preferable to name project personnel and provide their resumes, position descriptions submitted in lieu of the resumes will be reviewed for the appropriateness of the qualifications and skills identified.
