MediTec:

Training for Medical Education via Innovative e-Technology

**Title: Presentation of students at College of Medicine
MediTech Training of Student from College of Medicine**

Venue: University of Duhok

Date: *****

Two students from College of Pharmacy , University of Duhok (Miss. Rand Kalo and Mr. Mohammed Ghareeb) delivered a seminar at their college to introduce their successful participation in MediTech training at a European Partners university , Masaryk University in Brno. The training took place from 31st August to 15th of Sept. 2019. The students trained by experienced academic staff at University of Masaryk. The subjects of the training were on very diverse medical, preclinical and clinical topics like, nursing care, Medical biophysics, Medical Physiology, Experimental medicine, Human anatomy, Forensic Medicine, Surgery and alike.

The audiences of students seminar were academic staff members and students form the College of Pharmacy at University of Duhok. In the beginning the trained students gave introduction on Erasmus Plus opportunity of the European Union, and briefing on University of Masaryk and then they dive in the technical medical topic of the training.
