B. How to breakout rooms

1. Go to the home screen , press setting

2. Click on more setting:

The image shows a Windows File Explorer window in the background, displaying the 'This PC' view with various folders like Desktop, Downloads, Documents, Pictures, and Videos. Overlaid on this is the Windows Settings application, specifically the Zoom settings page. The 'General' tab is selected, showing various options for Zoom behavior. A red arrow points to the 'View More Settings' link at the bottom of the page.

Settings

General

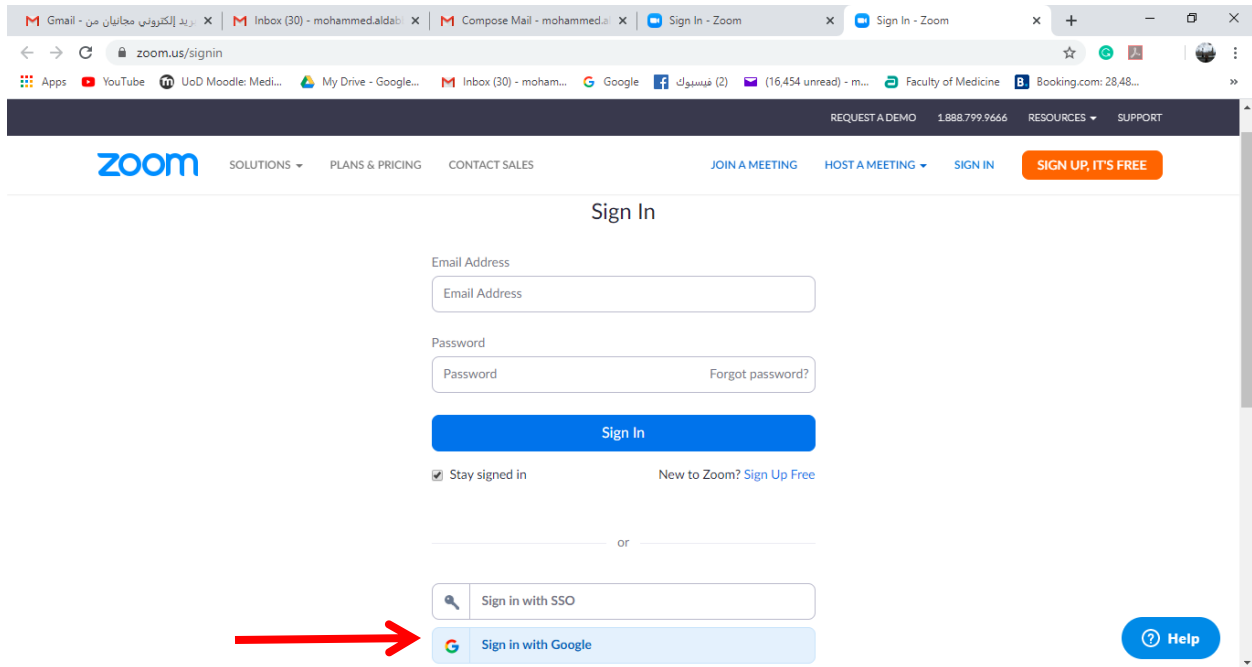

- Start Zoom when I start Windows
- When closed, minimize window to the notification area in
- Use dual monitors
- Enter full screen automatically when starting or joining a r
- Automatically copy invitation URL once the meeting starts
- Ask me to confirm when I leave a meeting
- Show my connected time
- Remind me 5 minutes before my upcoming me
- Stop my video and audio when my display is off or scree
